

David Klein
Senior Software Architect

Extensive Experience

Over 60 projects under his belt – no other technology company in Australia has a developer with such a track record of end to end solutions.

David Klein is a Senior Software Architect at SSW, a Microsoft Certified Partner Specialising in SQL Server .NET Solutions. With 7 years in Information Technology at SSW, David has extensive experience in Microsoft, both pre and post .NET, and loves working with c#, VB.NET, Reporting services and SQL Server CE.

If you ask this one a question, be ready for a detailed response.
