

**Peter Ahn**  
Software Architect

DotNetNuke  
Specialist

**As an early adopter of the .NET framework, Peter developed the first live ASP.NET website in Australia (on .NET 1.0 beta). Today he lives & breathes DotNetNuke.**

Peter Ahn is a Software Architect at SSW, a Gold Microsoft Certified Partner specialising in .NET solutions. Peter has extensive experience in developing Content Management Solutions using DotNetNuke (DNN). Peter specialises in web database development including ASP, ASP.NET, VB.NET, C#, XML, MS SQL Server, MS Access, HTML, Java Script, SQL Reporting Services, Data Cubes and Web Services.

Not hard to make this one smile
